# MVNC MISSION

## Serving those who serve

Our mission is to foster supportive environments for nonprofit professionals to learn, grow and collaborate, because resilient, connected nonprofits make our community stronger.

“As a member of the inaugural Executive Director Group Coaching cohort, I cannot sing the praises of the group and MVNC, highly enough. The cohort created an open, judgment-free zone where ideas, thoughts, concerns, and meaningful discussions took center stage. The opportunity to freely explore issues with peers - those who genuinely understand the unique challenges of not for profit leadership - was truly invaluable. Being part of this cohort ranks among the top three most impactful experiences I've had in my not-for-profit career, which spans over 20 years.”

~ Dave Seyer, President, A Special Wish Foundation
